*Monday Evenings Twice a Month*

**Monday, December 14<sup>th</sup>**  
**4:30PM – 5:30PM**

### TEACHER CORNER

Last week, 2<sup>nd</sup> Grade Teacher Katie Machek, got to “[witness] the magic of teaching take place” as she discovered her new favorite mini lesson with her students.

She said, “Just for fun, our class counted up all the times we could find the high frequency word “the” in our books during quiet reading time. We found a total of 727 “the’s” in 16 books. Wow!! . . . It’s my new favorite warm up activity, I plan to do this once a week with one of our high frequency words of the week. So fun!”

Ms. Katie and her students used the standard algorithm for addition to find their total, thus integrating English Language Arts and Math into one magical little lesson. What a special moment.

### WEAR YOUR MASK!

**Reminder to All Parents:** If you are planning on getting out of your car during pick up/drop off or are visiting campus for any reason, please remember you are required to wear a mask or face covering at all times. This is for the safety of our staff, students, and you as well!
