

Charter Council Meeting

Tues March 21, 2023

Ms. Katie's 4th Grade

Our class just completed our Norse Project/Class Play block, which was a great way to bookend the thrilling triad of Norse Mythology blocks we had this winter. For our projects, many students selected the Norse shield project, and they turned out amazing! These turned out as really handy props for our play, *The Theft of Thor's Hammer*. Way to go, 4th Grade!!

Mrs. McDonald's 3rd Grade

The 3rd grade has been busy working in on practical skills. We have made fire cider, learned about compost and made compost jars to study, we separated seeds from dried plant material, baked Challah bread, and even peach cobbler from the school's peach tree. We have also been working on the relationship between multiplication and division, and hearing the stories of the hebrews.

Mrs. Madera's 8th Grade Class Play
~ *Much Ado About Nothing* ~

Lower Grades Handwork with Miss Claire

Very proud 1st grade knitters. Love the “smile” from the student on the left!

Martina
the Beautiful Cockroach

A CUBAN FOLKTALE

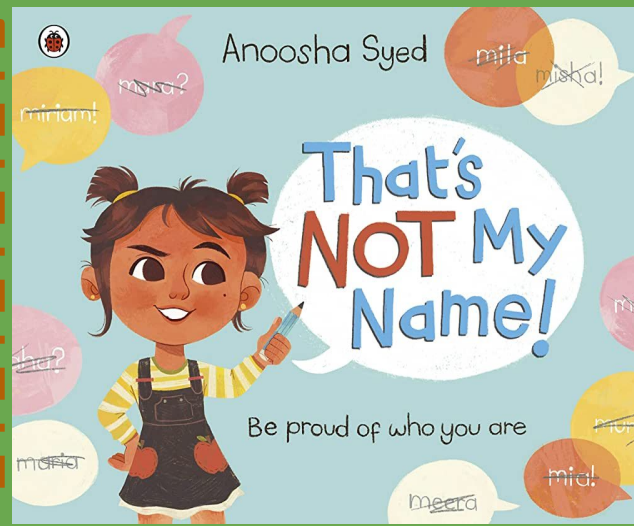

RETOLD BY
CARMEN AGRA DEEDY

ILLUSTRATED BY
MICHAEL AUSTIN

Martina the Beautiful Cockroach-
a Cuban Folktale We read this
story and hadl discussions about
the ‘coffee test’ why it worked
and if Martina made the correct
choices.

We listened to the story
“That is Not My Name”
and talked about the
importance of calling
people by their names,
correctly. We also got to
do some research and
find out what our names
mean.

We made the popular 'God's Eyes' and looked at their meanings, and origins. As well as some of the culture of the indigenous Huichol people who live in the Sierra Madre Mountains.

Mrs. Jones~6th Grade

6th grade just finished their first Medieval History block.

Ms. Lee's 7th Grade

Ms. Lee's class is tackling a favorite 7th grade ELA standard:
Argumentative Writing!

They are learning about how to form and articulate a strong argument.

This includes the following key components:

- A strong claim
- Clear reasons with strong evidence
- Acknowledging and refuting counter arguments to your claim.
- A strong closing statement

The 7th graders are approaching this standard with great enthusiasm and thoughtfulness. Individual essay topics include:

- The superiority of black cats
- How nuclear power is a safe option
- Potatoes are the most versatile food
- Everyone should attend college
- Video games are bad
- Social media is bad for relationships

Maple Rose Kindergarten ~ Teacher Cheryl

The Silent Maiden

Door Decorating Competition

Green Hallway

Lily Rose Kindergarten = Winner!

Maple Rose Kindergarten

Between the Coin Drive, Book Fair, Dress Up Days, and Door Decorating Competition our school had quite the whirlwind couple of weeks! Thank you to everyone who helped donate, volunteer, and make magic for our kiddos. A quick summary:

- The winners of the Door Decorating Competition will get a class popcorn party
- Our Book Fair goal was to sell 500 books and we sold 600
- The Coin Drive raised over \$200 and was well utilized to support students – success!
- Many happy teachers got to add books to their class libraries thanks to all of the Book Fair support this year and last year :)
