Friday Favorites

My boys choose to spend all their free time deep cleaning the classroom for me when they could be playing with their peers. The looks on their faces when they show me how sparkly they get the sink three times a day is the cutest ❤️ My students truly have the most golden hearts ✨

I would have to say my favorite is all of the students and staff being so supportive and helpful in setting up my new room. It means so much to me that many are willing to take the time to help! So much love!

It was a magical reverent night in Kindergarten last night for the Lantern walk. It was so special seeing all the little faces aglow, beaming singing the sweetest songs!

My favorite part of this week was collaborating with the SPED team and Cheryl regarding a student with high needs and coming up with a plan to try to get the help they need!

Its hard to remember Halloween was just a short time ago

The costumes and parade are always such fun. Thank you Claire Fong for leading and all the dancing. The Dance was such fun, and the decorations were wonderful. Thank yo to all the parents who helped.

Parent Council

Fundraisers are continuing watch the Acorn for information. Walk into Winter is close on the horizon.

Winter Concert

We are looking forward to what the concert has to bring, so much anticipation. Be there on 12/12

Kindergarten Night & Lantern Walk

Events around Kindergarten are always so precious, so proved this year's Kindergarten Night and lantern Walk.

Progress reports and Parent meetings this week

Teacher's heads are down and they are hard at work preparing to meet with parents. Children are anxious!

My Projects

Para meetings, Para training, Behavior Team, Behavior - lots of conversations with students and parents, Thought partnering, classroom observations, and data reviews with BCOE, Transitional Kindergarten, research toileting, Halloween Dance, touring with CCSP visitors, meeting with Machupta Tribal representative. Classroom observations, IEPs, regular check-ins, tours.
