## From the Director

Hello Blue Oak;

Wow, we have come to the end of another year. This year's 8th-grade graduates were kindergarteners when I arrived. How amazing to see how they have grown.

If you are on campus, please take a moment to stop by room 24 (located right off the lobby), review our LCAP goals, and provide us with your input. Expect a survey soon.

We now enter our summer season with Summer Camp, led by the amazing Sarah Eblin and her team. At the end of July and the beginning of August, Summer School will happen. During the summer, the office staff continues their work, keeping the office running and preparing for registration. Faculty attend training, and facilities do a deep clean. The halls are quiet, and though we get more done, we miss the joy of children.

I want to reach out with a special thank you to Kari Madera and Jennifer Bryan, these two longtime Waldorf-certified teachers have helped hold the backbone of the school. They are loved and will be missed. We wish them well.

Enjoy your summer, stay cool,

Susan Domenighini

"Our highest endeavor must be to develop free human beings who are able of themselves to impart purpose and direction to their lives. The need for imagination, a sense of truth, and a feeling of responsibility—these three forces are the very nerve of education."

## **Science Camp Invention**

**We are thrilled to be running Camp invention for the second year at Blue Oak.**

**This camp is completely FREE for Blue Oak Students (usually \$400 per student, per week).**

**Dates: June 9th-13th and June 16-20th (No Camp June 19th) 8:00AM-5:00PM. Breakfast, snack and lunch included! Only 40 Students are allowed, so sign up quickly!**

**The Camp Invention program is the only nationally recognized, nonprofit summer enrichment program for rising K-6 students that is inspired by the brightest thinkers around — the Inductees of the National Inventors Hall of Fame. Children are empowered to have big ideas while they take on challenges that inspire them to question, brainstorm, collaborate with teammates and build amazing invention prototypes!**
