3.1.6. Notice of Concern Chico Unified School District Tim Drury

On October 6, Blue Oak received a notice of concern from Chico Unified School District. Tina Keene and Charise Bromley from the district offices are attending our meeting tonight and will be attending upcoming meetings to monitor the progress on our budget. Tina and Charise work closely within their departments. Tina - have been long time friends of Blue Oak School. We are doing our due diligence as authorizers of Blue Oak and we are confident that Blue Oak can work through these challenges.
Charise - This is a legal requirement as soon as there are concerns we have to bring this to the forefront so we can work with schools and support their progress. There will need to be some cuts made as soon as possible so we can get you guys back to a better place with your budget.
There are a lot of things going forward with the move. The main message that we want to relay is we are definitely here in the spirit of support.
We have been in education for 30 years, and we have been in this situation many times. We have also had to have hard conversations about cuts. I have known Blue Oak to be a bright collaborative group of folks. The recommendation is that cuts are made as far away from students as possible. What does the board prioritize? What is the follow up? These are questions that we ask.
Tim - Within 30 days there will be a response from us with a revised budget. any ideas on how we will be adjusting the budget
Heather Sufuentes and Charise Bromley will be at the board meetings until we feel like a budget is in a better position. There will need to be no more deficit spending and a starting reserve.
We want to shoot for a 3% reserve.
Over the next few weeks - we will be working towards lowering the budget deficit. What categories are we first cutting in and how we will be moving forward will be the focus.
Tim - Tom at wildflower and I will be meeting next week to discuss how they navigated this path.

Discussion / Questions

4. FACULTY

4.1. Faculty Report Cheryl Grant or Emily Swanson

Closing in on turning in our first round of Alliance work and it has been an amazing process. The Alliance for Public Waldorf Education allows us to use the "Public Waldorf Charter School" title. We will write a 50 page document about who we are, who we have been, and who we are going to be. It is also a way to talk about what we do well!

We have 4 faculty teams and we are working together on this endeavor.

The Harvest Festival was last week and there were reports that it was the best one ever! We have done a lot of talking about field trips, and which ones are necessary, the main lesson as a sacred time, are the children getting what they need with special education services. School rhythms are important!

5. BUSINESS

5.1. California School Dashboard Update Discussion

Tim - the dashboard came out on October 15th
We are only red in absenteeism
Program Sheri Hanni at BCOE is going to come in to assist with attendance processes.

We are building a school! We are on schedule. We have portables on site most of them are put together There is asphalt - some curbing has been done - Tim and I had a meeting with Dan Gonzales
He is a supportive partner. Dan is open to allowing us to use some of the card park land for goats. That is very exciting. Met with some moving companies to help with our transition to our new site. Payments: Your payment must be sent to the payment address shown on your statement and must be received by 5 p.m. local time at that address to be credited as of the day it is received. Payments we receive after 5 p.m. will not be credited to your Account until the next day. Payments must also: (1) include the remittance coupon from your statement; (2) be made with a single check drawn on a US bank and payable in US dollars, or with a negotiable instrument payable in US dollars and clearable through the US banking system; and (3) include your Account number. If your payment does not meet all of the above requirements, crediting may be delayed and you may incur late payment fees and additional interest charges. Electronic payments must be made through an electronic payment method payable in US dollars and clearable through the US banking system. Please do not send post-dated checks as they will be deposited upon receipt. Any restrictive language on a payment we accept will have no effect on us without our express prior written approval. We will re-present to your financial institution any payment that is returned unpaid.

Permission for Electronic Withdrawal: (1) When you send a check for payment, you give us permission to electronically withdraw your payment from your deposit or other asset account. We will process checks electronically by transmitting the amount of the check, routing number, account number and check serial number to your financial institution, unless the check is not processable electronically or a less costly process is available. When we process your check electronically, your payment may be withdrawn from your deposit or other asset account as soon as the same day we receive your check, and you will not receive that cancelled check with your financial account statement. If we cannot collect the funds electronically we may issue a draft against your deposit or other asset account for the amount of the check. (2) By using Pay By Computer, Pay By Phone or any other electronic payment service of ours, you give us permission to electronically withdraw funds from the deposit or other asset account you specify in the amount you request. Payments using such services of ours received after 8:00 p.m. MST may not be credited until the next day.

How We Calculate Your Balance: We use the Average Daily Balance (ADB) method (including new transactions) to calculate the balance on which we charge interest on your Account. Call the Customer Care number on page 3 for more information about this balance computation method and how resulting interest charges are determined. *The method we use to calculate the ADB and interest results in daily compounding of interest.*

Paying Interest: Your due date is at least 25 days after the Closing Date of each billing period. We will not charge you interest on your purchases if you pay the New Balance by the due date each month. We will charge you interest on balance transfers (unless otherwise disclosed) beginning on the transaction date. You can avoid paying interest on the Amount Above the Credit Limit by paying your Minimum Payment Due before the closing date of the month in which it is due. See your Card Member Agreement for further details.

Foreign Currency Charges: If you make a Charge in a foreign currency, we will convert it into US dollars on the date we or our agents process it. **We will charge a fee of 2.70% of the converted US dollar amount.** We will choose a conversion rate that is acceptable to us for that date, unless a particular rate is required by law. The conversion rate we use is no more than the highest official rate published by a government agency or the highest interbank rate we identify from customary banking sources on the conversion date or the prior business day. This rate may differ from rates in effect on the date of your charge. Charges converted by establishments (such as airlines) will be billed at the rates such establishments use.

Credit Balance: A credit balance (designated CR) shown on this statement represents money owed to you. If within the six-month period following the date of the first statement indicating the credit balance you do not request a refund or charge enough to use up the credit balance, we will send you a check for the credit balance within 30 days if the amount is $1.00 or more.

Credit Reporting: We may report information about your Account to credit bureaus. Late payments, missed payments, or other defaults on your Account may be reflected in your credit report.

American Express, PO Box 981535, El Paso TX 79998-1535
In your letter, give us the following information:
- *Account information:* Your name and account number.
- *Dollar amount:* The dollar amount of the suspected error.
- *Description of Problem:* Describe what you believe is wrong and why you believe it is a mistake.

You must contact us:
- Within 60 days after the error appeared on your statement.

You must notify us of any potential errors in writing. You may call us, but if you do we may not follow these procedures and you may have to pay the amount in question.

What Will Happen After We Receive Your Letter

When we receive your letter, we will do two things:
1. Within 30 days of receiving your letter, we will tell you that we received your letter. We will also tell you if we have already corrected the error.
2. We will investigate your inquiry and will either correct the error or explain to you why we believe the bill is correct.

While we investigate whether or not there has been an error:
- We will not try to collect the amount in question.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

After we finish our investigation, one of two things will happen:
- If we made a mistake: You will not have to pay the amount in question or any interest or other fees related to that amount.
- If we do not believe there was a mistake: You will have to pay the amount in question, along with applicable interest and fees. We will send you a statement of the amount you owe and the date payment is due. We may report you as delinquent if you do not pay the amount we think you owe.

About Trailing Interest
You may see interest on your next statement even if you pay the new balance in full and on time and make no new charges. This is called "trailing interest". Trailing interest is the interest charged when, for example, you didn't pay your previous balance in full. When that happens, we charge interest from the first day of the billing period until we receive your payment in full. You can avoid paying interest on purchases by paying your balance in full and on time each month. Please see the "When we charge interest" sub-section in your Card Member Agreement for details.

Tim Drury, Superintendent
Blue Oak Charter School

Chico, CA 95926

Dear Superintendent Drury:

California Education Code section 1240 requires that I or my designee annually visit Williams-monitored schools identified in our county and report to you the results of the findings on a quarterly basis (October, January, April, and July). Schools identified on the California Department of Education's *2025-27 List of Schools Eligible for Monitoring* are subject to monitoring through the 2027-28 fiscal year
and were determined using the following criteria:

- Schools eligible for Comprehensive Support and Improvement or Additional Targeted Support and Improvement in the 2023-24 fiscal year.
- Schools with fifteen percent or more of the school's teachers that do not possess a valid and clear or preliminary teaching credential (teacher assignment data based on Census Date - October 2023).
- Schools that have a Dashboard Alternative School Status are excluded from the Williams list.

This report includes the results for our visit to **Blue Oak Charter**. Let me state at the outset that the visit was a positive, professional experience with a focus by the entire staff on seeking to improve the learning of each student. The purpose of the visit as specified in California Education Code section 1240 was to:

1. Determine if students have "sufficient" textbooks or instructional materials in the four core subject areas (English language arts, mathematics, history/social science, science) and, as appropriate, science laboratory equipment in grades 9-12, world languages, and health;

2. Determine if there is any facility condition that "poses an emergency or urgent threat to the health or safety of pupils or staff."

The law further requires the county superintendent:

1. Determine if each monitored school has provided accurate data for the annual School Accountability Report Card (SARC) related to sufficiency of instructional materials and the safety, cleanliness, and adequacy of school facilities, including "good repair."

2. Annually review teacher misassignments and teacher vacancies for monitored schools; and

3. Receive quarterly reports from all school districts in Butte County on complaints filed within the school district concerning insufficient instructional materials, teacher vacancies and misassignments, and emergency or urgent facilities issues under the Uniform Complaint Procedures.

Before proceeding with the report, please see the list of definitions as described by law:

• "Sufficient textbooks or instructional materials" - each pupil, including English learners, has a standards-aligned textbook or instructional materials, or both, to use in class and take home. This does not require two sets of textbooks or instructional materials for each pupil. The materials may be in a digital format as long as each pupil, at a minimum, has and can access the same materials in the class and to take home, as all other pupils in the same class or course in the school district. Education Code requires that school districts remedy insufficiencies of instructional materials in the four core subject areas within two months (eight weeks) of the beginning of the school year.

• School facility "emergency or urgent threat" - a condition poses a threat to the health or safety of pupils or staff.

• School facility "good repair" - the facility is clean, safe, and functional as determined by the Facility Inspection Tool (FIT) developed by the Office of Public School Construction or a local evaluation instrument that meets the same criteria.

In conclusion, the Butte County Office of Education is available to support each of your schools as we work together to ensure compliance with the Williams Settlement requirements. If you have any questions or need assistance, please contact Coordinated District Support at (530) 433-2318.

Sincerely,

Mary Sakuma
