

Executive Director's Report

Susan Domenighini

April 16, 2018

The big news, of course, is that **the Charter was renewed!** What a huge sigh of relief was heard Thursday as we began to move forward. I met with Jaclyn Kruger about the financial reports needed by May 3rd. Susan Lefkowitz and I will work on an updated budget and narrative based on the P2 attendance. the Academic Leadership Team has already begun discussions on improving the relationship between state testing and instruction. There will be more to come on this.

In Other News:

Middle School enjoyed their longest ever walking field trip to see a Wrinkle in Time. They read the book and some let me know about the projects they were doing for their class.

Our chess club gained notoriety winning the rookie division of the state competition.

Team Roster and Standings. CalChess States: K-6 Rookie (unrated)

	Code	Name	Score
1	BLUEOK	Blue Oak School	15.0
		Pin Tian Xie 4.0	
		Donovan Bonea 4.0	
		Henry He 4.0	
		Liam Brightling 3.0	

Our third graders were asked to display their shelter projects in the Anthropology Department at Chico State (ask Ally Welch about this at the meeting).

State testing starts on April 23rd. Parents will be notified next week, we hope to encourage parents to support the testing to support the charter continuing. The application to move to the El Dorado SELPA was completed and forwarded. If we are accepted it will be a big implementation curve this summer, but we will be ready for it.

Blue Oak perfect attendance awards went up from 88 in February to 103 in March.

Good things are happening at Blue Oak.
